AIR FILTER, PRIMARY DURALITE

Why Choose Donaldson DuraLite™ Air Cleaners?

Rugged, lightweight, self-supporting, and completely disposable combination air cleaner and filter.

- Function well under severe pulsation conditions, particularly two- and three-cylinder engines.
- Vibration-resistant media is secured into molded housings of rugged ABS plastic—so they don't fall apart as other designs might.
- Easy to install, durable, and reliable.
- Completely disposable — acceptable for normal trash pick-up (DuraLite should not be incinerated).

Attributes
